SENIOR SERVICES:

In-Home Services:

The goal of the Coos/Curry In-Home Services Program is to help Seniors maintain an independent, dignified lifestyle. In-Home Services provides basic housekeeping, personal care and respite care. Help can be provided on either a temporary or long-term basis. Services are provided by trained, supervised workers who have been screened and hired by the In-Home Services Program.

The In-Home Services Program is a field service of the Area Agency on Aging (AAA) office which is a service of South Coast Business Employment Corporation (SCBEC).

Funding for the In-Home Services Program is provided through Oregon Project Independence (OPI), insurance companies, Workers' Compensation programs and client fees depending on the individual's situation. Services are provided on a sliding fee basis to those over the age of 60 and those with Alzheimer's. Those under the age of 60 may be able to receive services on a full fee basis.
